Wearing a Mask at THE CHILDREN'S PLAYHOUSE

Grown-ups and children wear masks at The Playhouse. I can wear a mask, too.

Wearing a mask can help everyone stay healthy.

Story by Jana Duke, design by Kathy Parham

I put my mask on before I come inside to play. A grown-up can help me do this.

I don't let my nose show when I'm wearing my mask.

My mask covers my mouth and my nose.

The straps go behind my ears.

That is the best way to wear a mask.

I can have fun and play with my mask on.

Wearing a mask at the Children's Playhouse is a healthy and friendly thing to do.

Here is a picture of me wearing my mask at The Playhouse!
